SUPPLEMENT TO
REPORT NO. [REDACTED]

1. Source learned on 18 November 1948 that GIL ROBLES had stated that an agreement definitely existed between Don Juan and General FRANCO as the result of their meeting aboard FRANCO'S yacht. "Seventy per cent" of the Pretender's political advisors reportedly disapproved of the meeting and oppose any agreement with FRANCO.
2. Don Juan, according to the informant, has sent a note to his advisors saying that he personally assumed the responsibility for "the agreement, the terms of which he "could not divulge for very special reasons."
